INFANT CAR SEAT ADAPTER

Duallie® Strollers

ENGLISH
Owner's Instruction Manual

TAKE TIME

READ AND UNDERSTAND THESE INSTRUCTIONS COMPLETELY!

Before attempting to assemble or use your new stroller, read and understand these assembly and use instructions completely, as well as the warnings at the beginning and throughout this document, to ensure proper assembly and operation.

If you are unclear on any point, contact BRITAX CUSTOMER SERVICE 1300 303 330

WARNINGS

FAILURE TO FOLLOW THESE WARNINGS AND ASSEMBLY INSTRUCTIONS COULD RESULT IN SERIOUS INJURY OR DEATH.

- Please save instructions for future use and reference.
- For safe operation, all users must read and understand instructions and warnings completely before use.
- The BOB Infant Car Seat Adapter (ICSA) is designed for use with BOB Strollers equipped with Accessory Adapters and compatible Infant Car Seats. This product is not a universal adapter. Do not use with car seat models other than those specifically listed in the Infant Car Seat Compatibility Chart on page 4.
- Using this product with an Infant Car Seat on incline or uneven terrain may cause the stroller to become unstable and tip resulting in serious injury. To reduce the risk, always lock the front wheel in the fixed position.
- Always follow, and do not exceed, the Infant Car Seat manufacturer's instructions for maximum load carrying capacity of the Infant Car Seat.
- Avoid serious injury from falling or sliding out. Always use Infant Car Seat harness.
- Never leave children unattended in the stroller/Infant Car Seat.
- For Duallie Strollers, the Canopy Catch is intended to prevent the right canopy from rotating and causing pinching and/or finger injuries between canopy stays and Infant Car Seat. Always secure right canopy stay in Canopy Catch when using an Infant Car Seat in Infant Car Seat Adapter.
- Always keep your Infant Car Seat Carry Handle locked in the vertical/carry position while in stroller, as extra protection for your child.
- Always confirm Infant Car Seat Adapter is properly locked in place in stroller Accessory Adapters prior to use.
- Always confirm Infant Car Seat is properly locked in place on Infant Car Seat Adapter prior to use.
- Always secure the Infant Car Seat to the Infant Car Seat Adapter with the supplied Restraint Belt.
- Do not run or jog when using Infant Car Seat Adapter with Infant Car Seat.
- Do not use off-road or on uneven terrain when using the Infant Car Seat Adapter with Infant Car Seat installed.
- Remove Infant Car Seat Adapter and Restraint Belt when not in use.
- Do not place children directly in the stroller seat with the Infant Car Seat Adapter installed. Remove Infant Car Seat Adapter from stroller prior to placing a child directly into the stroller seat.
- Restraint Belt is intended for use with combination of BOB Infant Car Seat Adapter and compatible Infant Car Seats only. The Restraint Belt must be removed prior to using stroller without Infant Car Seat.
- Do not modify the Infant Car Seat Adapter or remove any labels. Doing so voids the warranty and could lead to a dangerous condition.
- Care must be taken when attaching Infant Car Seat to Infant Car Seat Adapter to make sure hands and fingers are clear of contacting surfaces.
- Care must be taken when folding and unfolding the stroller to prevent finger entrapment or injury.
- To avoid injuries, never fold or unfold stroller with other individuals within reach of stroller.
- Plastic bags can be dangerous. Keep plastic bags and other packaging away from children and infants.

CONGRATULATIONS

Congratulations on your purchase of the BOB® Infant Car Seat Adapter (ICSA). It is designed to allow the attachment of an Infant Car Seat to a BOB stroller.

Please refer to chart on page 4 for details of compatible ICSA models and Infant Car Seats. Find your compatible Infant Car Seat on the chart on page 4. Find key features of your ICSA on Anatomy and follow instructions.

For updates to this manual, warranty and other recent product notifications, Please visit www.britaxbob.com.au periodically or any time before making approved changes or adding approved equipment to your stroller.

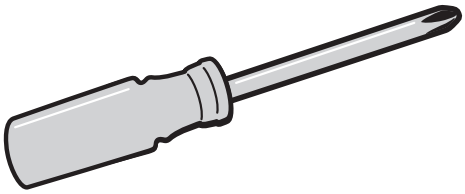
INSTRUCTIONS

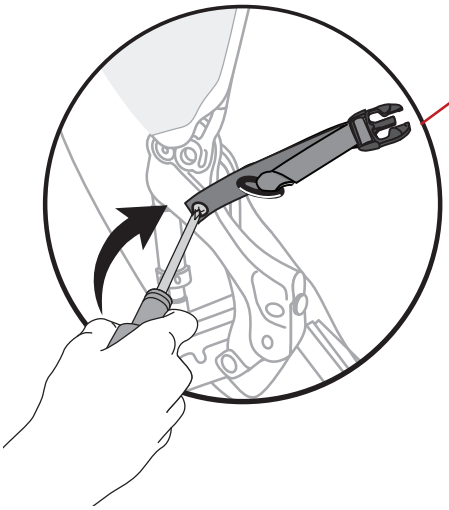
INSTALLING YOUR ICSA

ATTACHING RESTRAINT BELT

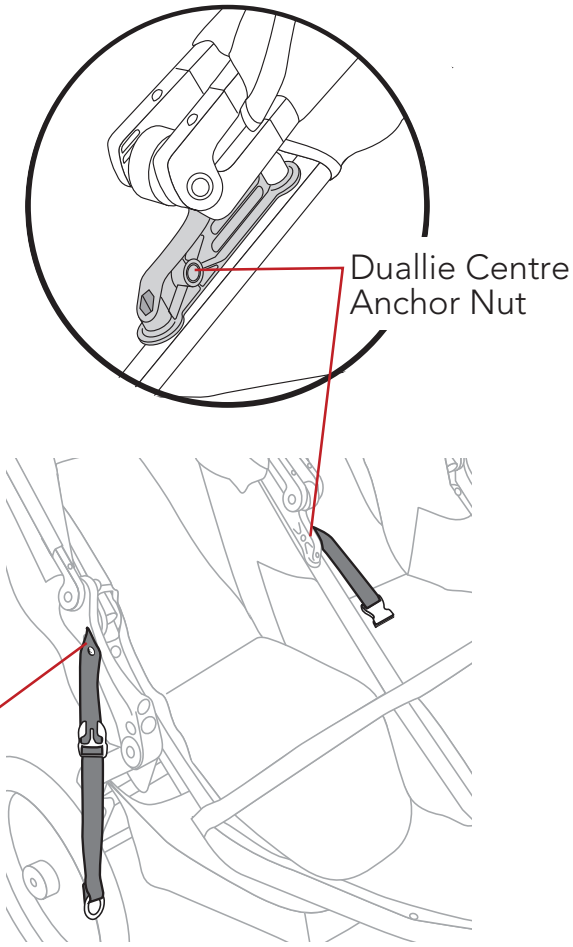
1. Prepare Stroller
Set parking brake, rotate canopy towards handlebar (see stroller owner's manual if necessary).



2. Install Restraint Belt with Screwdriver
Using a screwdriver, thread the Captured Screw with Buckle (Male) completely into Anchor Nut on right seated side of stroller Accessory Adapter and tighten firmly.



NOTE: Thread the Captured Screw with Buckle (Female) completely into Anchor Nut on left side of Centre Canopy Mount (centre of stroller between seats) and tighten firmly.

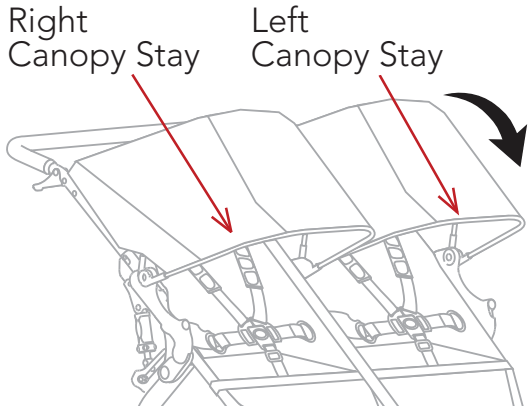


⚠ WARNING!

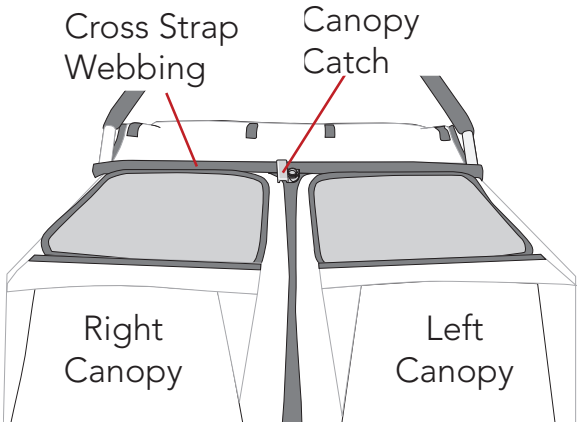
Confirm each Captured Screw is threaded fully into, and tightened firmly against, each Anchor Nut. Failure to properly secure Restraint Belt may result in accident, injury, or death.

INSTALLING CANOPY CATCH

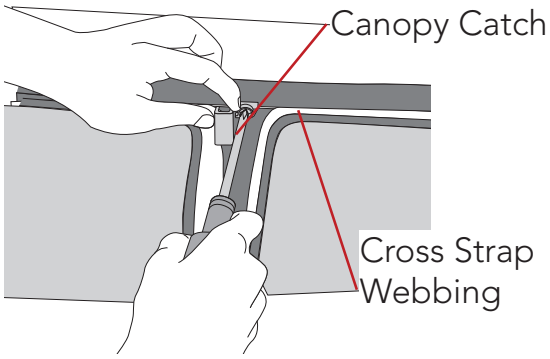
1. Rotate Canopies
Rotate both canopies forward to expose Cross Strap Webbing.



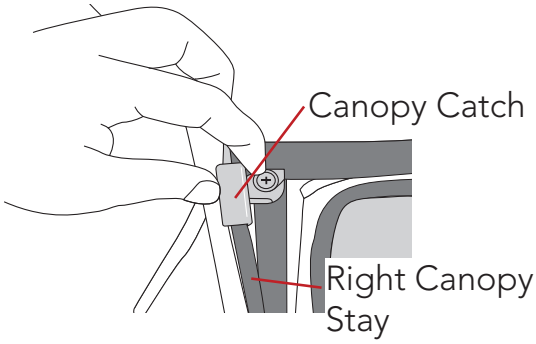
2. Locate Canopy Catch
Slide Canopy Catch over cross strap webbing - making sure Clamp portion is centred between the left and right canopies.



3. Secure Canopy Catch
Hold Canopy Catch in place and tighten screw with screwdriver.



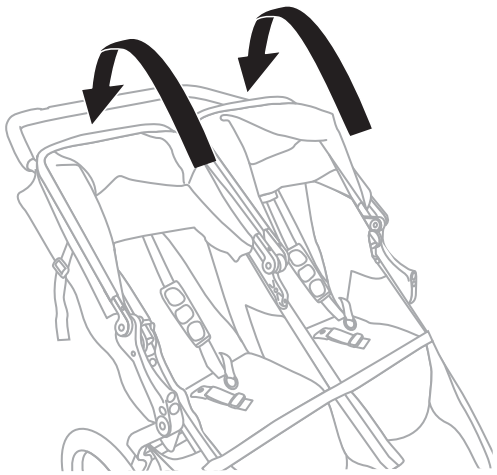
4. Secure Right Canopy
Rotate right canopy back (toward handlebar). Slide right canopy stay under Canopy Catch. Pull on canopy to verify that Canopy Catch securely holds canopy in place.



ATTACHING ICSA TO STROLLER

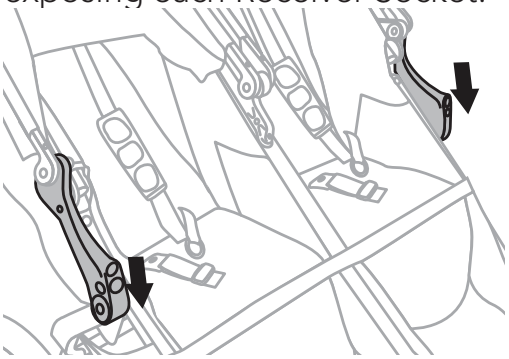
PREPARING STROLLER FOR ICSA

1. Prepare Stroller
Set parking brake, rotate canopy towards handlebar (see stroller owner's manual if necessary).



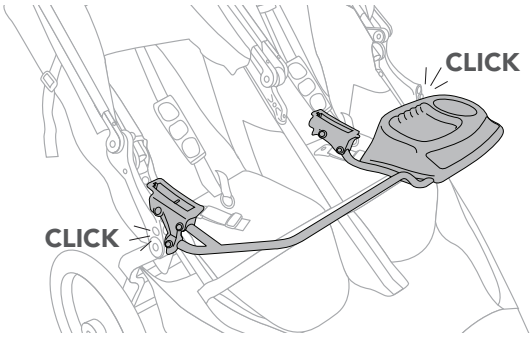
2. Unfasten Restraint Belt Buckle
Unfasten buckle of Restraint Belt and place buckle ends to the sides of stroller seat.

3. Slide Covers Down
Push to slide each Cover (at front of stroller Accessory Adapters) down on each side of stroller, exposing each Receiver Socket.

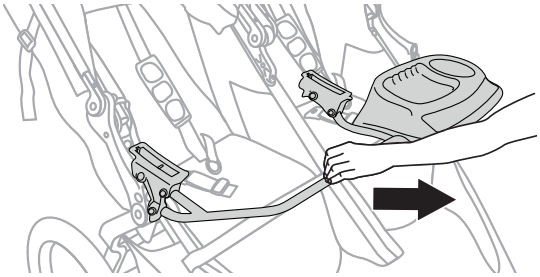


INSTALLING ICSA

1. Align Locking End Caps
Align and insert each Locking End Cap on ICSA into each respective Accessory Adapter Receiver Socket.



2. Verify Proper Installation
Pull on centre of ICSA Front Tube to verify ICSA is securely locked into place.



⚠ WARNING!

Failure to attach ICSA securely to stroller may result in serious injury or death.

PREPARING TO ATTACH INFANT CAR SEAT

NOTE: Follow steps 1-3 to prepare car seat and stroller for installation, then proceed to section for your brand Infant Car Seat and follow installation steps in sequence.

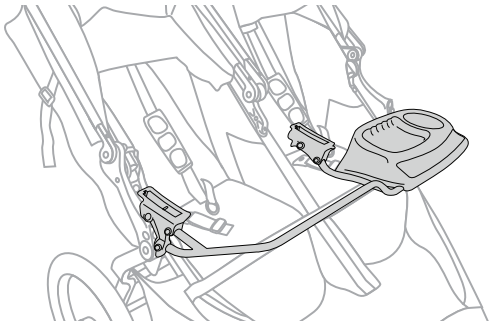
⚠ WARNING!

When attaching Infant Car Seat to ICSA for the first time, practice attaching and removing unoccupied Infant Car Seat several times until the function becomes familiar.

⚠ WARNING!

Failure to securely attach Infant Car Seat may result in accident, serious injury or death.

1. Prepare Stroller
Set parking brake, rotate canopy towards handlebar, place Restraint Belt ends to the sides of stroller seat.

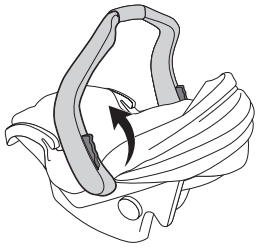


2. Place Infant Into Infant Car Seat
Fasten harness securely (see Infant Car Seat owner's manual if necessary).

⚠ WARNING!

Failure to properly secure infant with seat harness of Infant Car Seat may result in accident, serious injury or death.

3. Position Infant Car Seat Carry Handle
Move Infant Car Seat Carry Handle into upright position.



BRITAX® INFANT CAR SEAT INSTALLATION

⚠ WARNING!

Failure to properly install Infant Car Seat on Infant Car Seat Adapter may result in accident, injury or death.

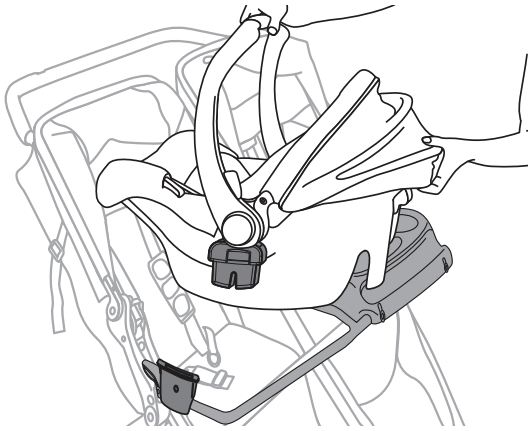
Refer to Infant Car seat compatibility Chart (page 4) before seat installation.

1. Prepare Stroller

Set parking brake, rotate canopy towards handlebar, place Restraint Belt ends to the sides of stroller seat (see stroller owner's manual if necessary).

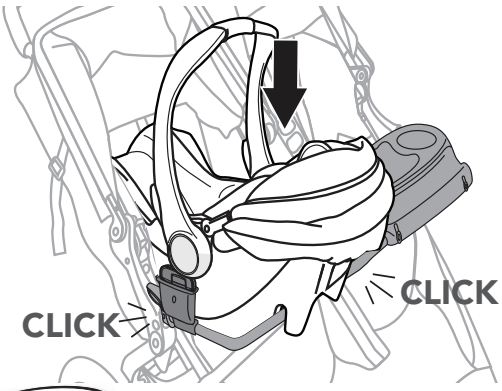
2. Align Infant Car Seat

Place Infant Car Seat"rear facing", directly centred on top of ICSA, align ICS Adapters on Infant Car Seat with the Click & Go Receivers on ICSA.



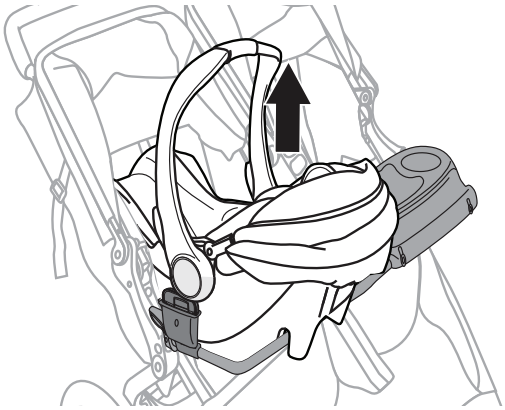
3. Verify Infant Car Seat Latched Properly

Push Infant Car Seat straight down onto ICSA until the adapters on each side lock into the receivers on ICSA.



4. Verify Infant Car Seat Securely Attached

Lift up to ensure the Infant Car Seat is secure.



5. Secure Restraint Belt

Proceed to section titled "Secure Restraint Belt" (pg.16).

⚠ WARNING!

Failure to properly secure Restraint Belt may result in accident, injury or death.

SECURING RESTRAINT BELT

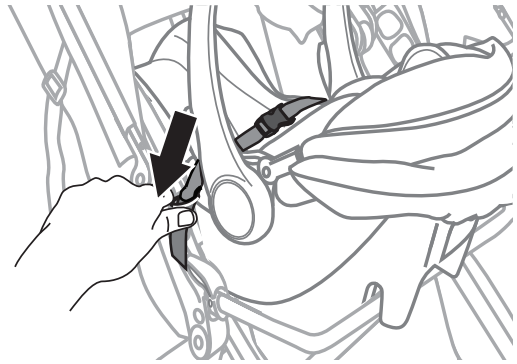
1. Fasten Restraint Belt

Fasten restraint belt over Infant Car Seat securely.

⚠ WARNING!

Be sure Restraint Belt tension is not constricting child as it may cause serious injury or death.

2. Adjust Restraint Belt
Pull on Red Ring to tension Restraint Belt.



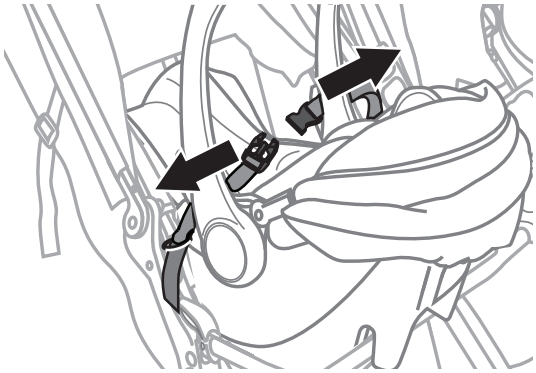
⚠ WARNING!

Failure to properly secure Restraint Belt may result in accident, injury or death.

REMOVING INFANT CAR SEAT FROM STROLLER

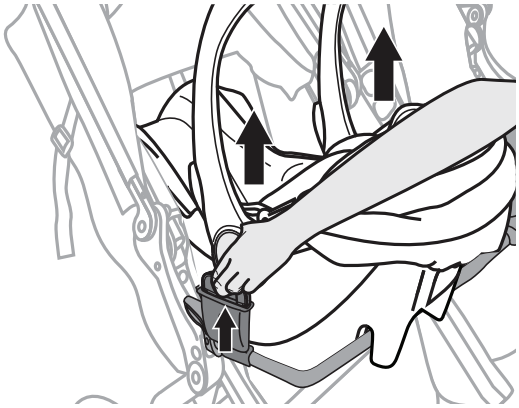
1. Prepare Stroller
Set parking brake, rotate canopy towards handlebar (see stroller owner's manual if necessary).

2. Unfasten Restraint Belt
Unfasten buckle, place Restraint Belt ends to the sides of stroller seat.



BRITAX INFANT CAR SEAT REMOVAL

Press the Click & Go release buttons on each side and lift the Infant Car Seat away from the ICSA.



FOLDING STROLLER WITH ICSA ATTACHED

⚠ WARNING!

Care must be taken when folding and unfolding the stroller to prevent finger entrapment or injury.

⚠ WARNING!

To avoid injuries, never fold or unfold stroller with other individuals within reach of stroller.

1. Set Parking Brake
Set parking brake (see stroller owner's manual if necessary).

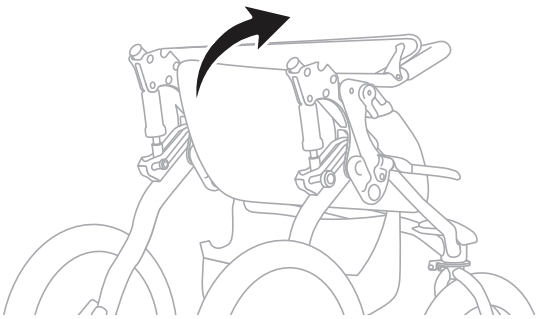
2. Unfasten Restraint Belt
Unfasten buckle, place Restraint Belt ends to sides of stroller seat.

3. Remove Infant Car Seat
Remove Infant Car Seat from ICSA.

4. Empty Stroller
Remove contents from low boy cargo basket and pockets.

5. Fold Handlebar
Squeeze both handlebar release levers simultaneously (see stroller owner's manual if necessary).

6. Rotate Handlebar Forward
Slightly rotate handlebar towards seat and hold in place during next step.



7. Lift Red Frame Release Handle
Using a short, quick tug, lift red frame release handle up. Keep tires on ground as stroller collapses toward front wheel (see stroller owner's manual if necessary).

NOTE: We do not recommend leaving stroller folded with ICSA installed for long periods of time as it may leave an imprint in the stroller seat. For long term folded storage, remove ICSA.

REMOVING ICSA FROM STROLLER

⚠ WARNING!

Remove Infant Car Seat Adapter and Restraint Belt when not in use.

⚠ WARNING!

Do not place children directly in the stroller seat with the Infant Car Seat Adapter installed. Remove Infant Car Seat Adapter from stroller prior to placing a child directly into the stroller seat.

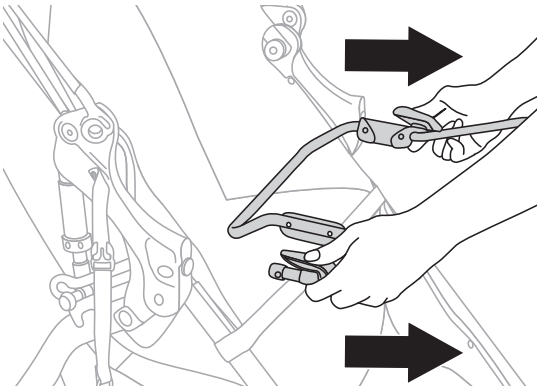
⚠ WARNING!

Failure to follow these warnings may result in serious injury or death.

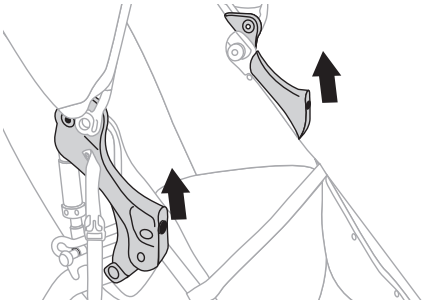
1. Prepare Stroller
Set parking brake, rotate canopy towards handlebar (see stroller owner's manual if necessary).

NOTE: For illustrative purposes, compatible ICSA shown. Other ICSA singles remove in same manner.

While holding down Red Release Buttons on both Accessory Adapters at sides of stroller, pull ICSA forward and out of Receiver Sockets, keeping alignment even, left to right, as you pull.

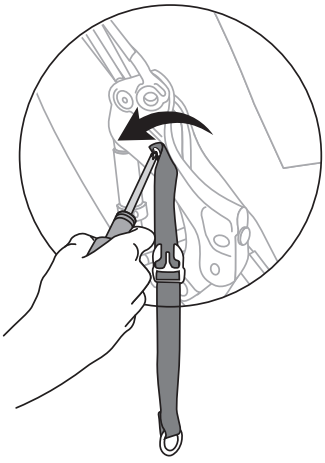


2. Slide Covers Up
Push to slide each Cover (at front of stroller Accessory Adapters) up on each side of stroller, covering each Receiver Socket.



REMOVING RESTRAINT BELT FROM STROLLER

1. Unscrew Captured Screws
Using a screwdriver, unscrew each Captured Screw from each respective stroller Anchor Nut.



2. Keep Restraint Belt
Keep restraint belt together with ICSA for next use.

⚠ WARNING!

Restraint Belt is intended for use with combination of BOB Infant Car Seat Adapter and compatible Infant Car Seats only. The Restraint Belt must be removed prior to using stroller without Infant Car Seat. Failure to remove Restraint Belt when not in use may result in accident, injury or death.
